

Provision of Library Equipment and Supplies for Public Use

Provision of Library Equipment and Supplies for Public Use Policy

It is West Tisbury Library policy to provide equitable access to and use of such Library owned equipment and supplies as are available for use by the public. Library staff should consider the safety of the public and staff and the protection of the Library's resources and facilities when determining what equipment and supplies are available for use by the public. The Library's policy is to outline clearly what equipment and supplies are available. Equal access to such equipment and supplies will be provided to all Library users.

The list may include but is not limited to:

Lap tops, the scanner, the accu-cutter, the laminator, the Dell projector, the 16 mm projector, the projector screen, craft supplies. There may be fees associated with the use of these materials.

Adopted by vote of the Library Board of Trustees, _____
